

Justin Picard

Digital Product Designer

Middelburg, NL ♦ +31 6 81 449 665 ♦ hallo@justinpicard.nl ♦ justinpicard.nl ♦ [LinkedIn](#)

♦ PROFILE

Digital Product Designer focused on thoughtful, scalable digital products. Experienced in UX/UI and design systems, with a strong understanding of front-end development. I work closely with developers to turn user and business needs into clear, practical solutions.

Languages: Dutch (native) ♦ English (fluent) ♦ French & German (conversational)

♦ EXPERIENCE

Digital Designer

Recranet & Elloro — Middelburg, NL

Aug 2021 — Oct 2026

Product Design ♦ UX/UI ♦ Design Systems ♦ Web Design

Designing digital products and experiences for the leisure industry, spanning SaaS interfaces, booking experiences, websites and scalable design systems. Translating user and business needs into clear, consistent solutions in close collaboration with developers and stakeholders.

Founder & Product Designer

Soliloquy — Middelburg, NL

Aug 2026 — Present

Product Design ♦ UX/UI ♦ Product Development ♦ Product Strategy

Designing and building independent digital products from initial concept through implementation and launch, including MuziMatch, a platform connecting musicians across the Netherlands.

Lead Digital Designer & Partner

Dondr / Boldr Digital Agency — Middelburg, NL

Sep 2017 — Jul 2021

Web Design ♦ UX/UI ♦ Front-end Development ♦ WordPress ♦ Brand Design

Led design at a digital agency focused on websites and digital experiences, combining visual and interaction design with hands-on front-end development and direct client collaboration.

Freelance Designer & Front-end Developer

Independent — Middelburg, NL

Jul 2014 — Aug 2017

Web Design ♦ UX/UI ♦ Front-end Development ♦ WordPress

Designing and developing websites and digital experiences for clients, covering the process from visual and interaction design through front-end implementation.
